Additional Benefit Information

This plan is eligible for Rollover Max. See the benefit guide for details.

*Non-participating dentists may balance bill. Subscribers are responsible for the difference between the non-participating maximum plan allowance and the full fee charged by the dentist.

An individual membership covers one person only – the “subscriber” (i.e. the employee).

A family membership covers the employee, the employee’s spouse, and the employee’s unmarried children (biological or adopted) under age 19, and children of covered unmarried children of the employee. When an employee’s child marries or turns 19, coverage under his or her parent’s family membership ends (unless he or she is a full-time student as described below).

The employee’s unmarried children who are full-time students (enrolled in twelve credits per semester) are covered under a family membership until age 23. Coverage ends when the student turns age 23, marries, or does not complete a Full-time Student Dependent Certification form for each semester (twice a year), verifying he/she is eligible under the full-time student status or graduates, whichever comes first.

Former spouses are covered only if the divorce decree specifies that dental benefits be covered. Step-children are only covered if the member legally adopts them.
